An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, at page 5, line 9, replace "and" with:--to--.

In claim 4, line 8, delete "(".

In claim 4, line 11, delete ")".

This amendment is made to ensure proper printing of the instant claims and does not materially affect the scope of meaning of the instant claims.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or suggest the combination of crop residues, corn flour, paper mulberry bark, moss and grain flour mixture set forth in the instant claims or the desirable properties for making disposable tableware engendered thereby. The use of the term "predetermined" in claim 1 is construed as simply conventional sentence structure and not limiting and, does not render the scope or meaning of the claim indefinite. The prior art made of record is considered to be relevant as establishing the general state of the art with respect to biodegradable disposable tableware.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David M. Brunsman whose telephone number is 571-272-1365. The examiner can normally be reached on M, Th, F, Sa; 7:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jerry Lorengo can be reached on 571-272-1362. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
